## VOLKSSPORTING

Volkssporting/volksmarching began in Germany during the 1960's and is called "the sport of the people" as nearly everyone can enjoy it. Events include walking, swimming, cross country skiing, bikes and snow shoe events. Individuals compete at their own pace. No times are kept.

Volksmarching is a family-oriented, non-competitive activity. With registration for the event, the participant accepts the guidelines for American Volkssport Association (AVA) events and agrees to observe the principles of good sportsmanship. Each participant must also obey any state or local laws or ordinances.

Volkssporting is good exercise and encourages physical activity by providing events throughout the country, and world, in which people of all ages and all levels of physical fitness can participate.
